JANESVILLE, WISCONSIN, TUESDAY, APRIL 16, 1895.

NUMBER 30

## SIGN PEACE PAPERS AND END THE WAR

## JAPAN AND CHINA COME TO TERMS.

Demand of the Former Country Granted by The Conquered Nation—Strange Proclamation Posted at Shanghai That Hints of Rebellion—in Session five Hours.

London, April 16.—A dispatch from the Times from Shanghai says Li Hung Chang's son-in-law telegraphs that a peace convention was signed at Shimoseki Monday by the plenipotentiaries of China and Japan. Following are the terms of the convention:

1. The independence of Corea.
2. That Japan retains the places she has conquered.
3. That Japan shall also retain the territory east of the Liao river.
4. That the island of Formosa be ceded permanently to Japan.

5. The payment of an indemnity of \$100,000,000 and

6. An offensive and defensive alliance.

There was no information obtainable on the subject at the Japanese legation last night. The official to whom the dispatch was shown was inclined to credit the report that a treaty of peace had been signed, as in view of the near approach of the termination of the armistice some action was probable. Still up to a late hour nothing had been received at the legation to confirm the statements contained in the dispatch.

A dispatch from Shanghai says a proclamation bearing the emperor's name has been issued, describing his empire as finished, and asserting he is unable to govern any longer, and that the officials he trusted are corrupt. The proclamation has caused great excitement, and there are signs of rebellion. The document, however, is said to be the work of the secret societies.

Shimoseki, April 16.—The conference yesterday of peace commissioners lasted five hours. All the envoys attended the meeting except the Viscount Mutsu. It is believed the conference was a final one. It is said the Chinese plenipotentiaries are preparing to return to their homes.

## WEST CUT OFF BY A STORM.

Sand, Rain, and Wind with Terrible Manifestations of Lightning.

Kansas City, Mo., April 16.—The entire southwest, including Southern Kansas, Oklahoma, and the Panhandle of Texas, was yesterday afflicted with a terrible sand and rain storm. At places in Oklahoma there was a veritable shower of mud, and in Western Oklahoma and the Panhandle Egyptian darkness prevailed. Crops were badly damaged, wires prostrated, and much other damage accomplished. All day long only one straggling wire was in working order west to Denver, and at night that hope went out and the west was completely shut off from communication. Electric flashes pierced the inky darkness with terrible rapidity and seemed to charge everything with its element. Such a peculiar storm has seldom been seen, and the superstitious thought the astronomical conditions, which it is said are now repeating themselves for the first time since the death of Christ, had something to do with it.

## Increased Duty on Breadstuffs

Washington, April 16.—Sweden has now joined the other countries of Europe in increasing the duty on breadstuffs. The duty on pork, paper and leather remains unchanged. The new duties are as follows: Bread, 2 cents per kilo; rye, wheat, barley, Indian corn, peas and beans, 99 cents per 100 kilos; flour, \$1.74 per 100 kilos; malt, \$1.34; other grains, 99 cents; cement, 16 cents per 100 kilos. The duty on copper wire and electric cables (save submarine, which is free) is 67 cents per kilo. A drawback of 1.6 cents per kilo has been granted to the exporters of bread.

Indians Make Very Ugly Threats.

Victoria, B. C., April 16.—Word has been received from Nelson that Capt. Fitz Stubbs and his posse arrived at the scene of the trouble between the reclamation company's employees and the Kootenai Indians only to find that the Indians had withdrawn to the American side. They say they will return by night and one by one pick off their enemies. It is the adoption of this method of warfare that the white residents most fear.

## Umra Khan Is Captured.

Calcutta, April 16.—Dispatches received here from Simla say that Umra Khan's brother, who attempted to oppose the advance of the British troops upon Chitral, has been captured by the friendly Khan of Dir. The latter also captured Dir fort, which he will hold until the arrival of the troops. Umra Khan is reported to be anxious for time to consider the position of affairs.

## Fatal Floods in Austria.

Vienna, April 16.—Rains and snow floods have caused the rising of the River Danube to such an extent as to completely inundate the Kuerst district and other parts of the city of Presburg, Hungary. The volume of water was so great as to wreck hundreds of houses, many of whose inmates were drowned.

## Veteran Jurist Dead.

Greenfield, Mass., April 15.—Ex-Judge David Aiken, 95, died here last night after a week's illness of pneumonia. He was a graduate of Dartmouth and one of the most prominent members of the Franklin county bar, though he retired from active business life several years ago.

## Damage to Illinois State House Nominal.

Springfield, Ill., April 16.—A careful inspection of the State house shows the damage done by Saturday's fire to have been nominal. The frescoing of the senate chamber is not damaged to amount to anything. Secretary of State Hinrichsen estimates that \$500 will cover all loss.

## BEEF TO COME DOWN.

Orders Issued That Will Increase the Supply of Meat.

Washington, April 16.—In view of the great rise in the price of beef and the scarcity of cattle the chief of the bureau of animal industry, Dr. Salmon, has recommended to the secretary of agriculture the admission of Mexican cattle into the United States under stringent regulations calculated to insure a rigid inspection of all cattle admitted. It is hoped by this means to check the tendency to excessive prices to the consumer without injuriously affecting the interests of the beef producers. In accordance with these recommendations Secretary Morton yesterday issued a special order allowing importation of cattle from Mexico. Mr. Morton said there was nothing new in the matter of the higher prices for beef. The secretary said there was a shortage of about 275,000 head of cattle, and that the short corn and grass crops in previous years had something to do with the rise. It is expected that Dr. Salmon, who is making the investigation, will go to Chicago before his report is completed.

## ARE STILL ON GUARD.

Heavy Rains Dampen the Ardor of the Striking Iowa Miners.

Centerville, Iowa, April 16.—The heavy rains of Sunday night and yesterday prevented any movement of the strikers at Cincinnati. None of the mines along the line of the Chicago, Milwaukee & St. Paul road are running. The strikers moved on them and they came out. Company E of the Second regiment, Capt. Ogle, has been at Cincinnati since Friday. There are also fifteen or twenty deputies armed. The strikers protest they intend no violence; that they are making these demonstrations to induce all the miners to demand the schedule price or not work. There were rumors yesterday that Major-General Prime and Adjutant-General Prime had asked the governor for more troops. It was also said the miners have rifles and dynamite bombs.

## Wisconsin Arbitration Bill Passes.

Madison, Wis., April 16.—The Senate passed the O'Neill arbitration bill, which has passed the assembly. The bill provides for the settlement of labor disputes by a commission of three, who shall each receive \$5 a day and expenses while actually engaged in their duties. They are not given the power to enforce their decisions. The law is in many respects similar to that in operation in Massachusetts. An assembly bill providing for licensing street car companies was concurred in by the Senate. It provides that a license of 1 per cent on the gross receipts up to \$250,000 be charged; above that 1½ per cent until the \$500,000 mark is reached, when 2 per cent shall be charged. This license fee is to be paid in lieu of other taxes.

## Discouraged Boy Shoots Himself.

Vandalia, Ill., April 16.—Louis Sturgeon, 18, shot himself Sunday night and is now in a critical condition. Sturgeon had been paying attention to Miss Phillips, the pretty daughter of Rev. Mr. Phillips, and the young couple had decided to marry. The parents of the young man opposed Sturgeon and talked the matter over with her. They decided to elope. Then Sturgeon said his father would never forgive him, and started to leave the house, saying he did not care to live. Miss Phillips tried to encourage him, when he drew his weapon from his pocket, and turned to her, said: "I shall end this trouble right here," and fired the shot.

## Ellwanger Is Captured.

Crown Point, Ind., April 16.—A telegram from the chief of police at Crawfordsville, Ind., yesterday, notified Sheriff Hayes that Barney Ellwanger, the alleged wife murderer, was captured in that city Sunday evening. The sheriff left for his prisoner last night. This will end the theory that Ellwanger was also murdered at the same time that his wife met her fate. The sheriff thinks he has sufficient proof against Ellwanger to convict if he should not make a confession.

## Is Johnson a Professional?

Philadelphia, Pa., April 16.—It is rumored in cycling circles that evidence enough has been found by the L. A. W. racing board against John S. Johnson, the well-known Class B racing man to lead to his suspension from the amateur ranks, but the officials refuse to talk. Chairman Gideon decides that racing for gold or silver nuggets will make a man a professional.

## Says Nansen Finds the North Pole.

Paris, April 16.—The Figaro publishes a rumor that Dr. Nansen, the arctic explorer, has found the north pole, and that it is situated on a chain of mountains. It is also said Dr. Nansen planted there the Norwegian flag. The story is regarded without foundation in truth.

## McBride in Better Health.

Columbus, Ohio, April 16.—John McBride writes from Hot Springs that he is slightly better and expects to attend a meeting at Indianapolis April 22 of the executive committee of the American Federation of Labor. Mr. McBride's most intimate friends here say they have no intimation that he intends to resign as president of the federation.

## Remains of Prof. McAdam Found.

Alton, Ill., April 16.—The remains of Prof. William McAdam, the venerable geologist, and archaeologist, were found yesterday by a searching party on the yacht Glad Tidings in the river at Eagle's Nest Island, ten miles above the city. The remains will be taken to Otterville, Ill., for interment.

## Half a Million Loss.

St. Louis, Mo., April 16.—The St. Louis Pressed Brick company suffered a loss of \$500,000 by the destruction of the works at Glen Carbon, Ill., sixteen miles east of this city, by fire Sunday. About 250 men are employed at the works.

## FLOOD IN THE EAST DOES BIG DAMAGE

## NEW ENGLAND RIVERS OUT OF THEIR BANKS.

Heavy Rains Cause Overflow and Much Damage Reported—Water at Some Places Higher than at Any Time Since 1862—Railroads Suffer From Washouts.

Boston, Mass., April 16.—Almost continuous rains for the last forty-eight hours and more, accompanied by melting snows among the hills and mountains, have caused the rivers in all parts of New England to rise to the highest point since the great flood of 1862, and widespread damage has been wrought, though up to midnight no loss of life has been reported. No mails from north of Nashua, N. H., have reached Boston to-day. At Lowell the Merrimac is over eight feet above high water mark and many cellars are flooded and houses on the lowlands partially submerged. The mills are troubled with backwater and will probably have to rely upon steam altogether. Many mill cellars are flooded and the damage can not be even approximately estimated. The Rhode Island rivers have also felt the heavy rains, but the ruin in that state is much less than in the north.

## IN CONNECTICUT VALLEY.

Waters Higher Than Any Time Since 1862.

Springfield, Mass., April 16.—The Connecticut valley is the scene of a flood of greater magnitude than has visited this section since 1862. The most damage was done at Bellows Falls, Vt., where the Connecticut river is narrow. An old railroad bridge was swept away and there has been great damage to the Boston and Maine railroad. The tunnel was flooded and rendered impassable. The mills are all closed. At Battleboro, Vt., the river is higher than it has been since 1862. At Turners Falls the water has overflowed the banks of the river to such an extent that many of the mills have been compelled to shut down. The consolidated railroad tracks are flooded. At Windsor, Vt., the water has risen thirty feet and business is almost entirely suspended. At Northampton, Mass., the river is three-quarters of a mile wide and the water is higher than it has been in thirty years. Over nine feet of water is going over the dam at Holyoke and many mills have been compelled to shut down. Near Mount Tom the water has overflowed the railroad tracks and trains are delayed.

## Country a Sheet of Water.

St. Albans, Vt., April 16.—The Winooski river is higher than it has been for twenty-five years. The country for miles around is one sheet of water, many farms being either partially or wholly flooded. Several villages are using boats and rafts as a means of moving about. Much damage has been done to bridges. The railroad between Proctor and Central Rutland has been abandoned. Many of the residents of Northfield and Central Rutland have been driven from their dwellings, the water having reached the second stories.

## Railroads Suffer Washouts.

Portland, Maine, April 16.—All railroads centering here report bad washouts on their lines. In many cases trains have been cancelled. The Grand Trunk road is impassable on account of the damage to the roadbed. No trains can get through from Montreal.

## River Still Rising.

Augusta, Maine, April 16.—The Kennebec river is still rising and the wharves along the water front are entirely submerged. Millions of feet of lumber are coming down the river. At Brunswick the Androscoggin is the highest ever known. The pumping station is under water.

## 2,000 Thrown Out of Work.

Westbrook, Maine, April 16.—Over 2,000 people were thrown out of work yesterday on account of the rise of the Presumpscot river, which prevented the factories from running. The river is higher than it has been since 1861 and is still rising.

## WHAT WILL GREAT BRITAIN DO?

Her Action Toward Nicaragua Is Interestedly Awaited at Washington.

Washington, April 16.—Deep interest is manifested by administration officials and diplomats here in Great Britain's action on Nicaragua's reply to her demands, which must be taken either to-night or to-morrow, for tomorrow the time limit of the ultimatum of the British foreign office expires, and unless Nicaragua's reply is satisfactory Great Britain will take steps to carry out her threats of extorting the indemnity from Nicaragua by force.

Minister Guzman, the diplomatic representative of Nicaragua, stationed here, is naturally much concerned about the outcome of the matter. He has no information whatever on the subject, and the state department is similarly situated. It is the belief of state department officials that the reply of Nicaragua proposing a tribunal of arbitration is a fair one and that it will be so considered by the British authorities.

## Perry Only Remains to Be Caught.

Poughkeepsie, N. Y., April 16.—Davis, the fourth of the five men who escaped from Mattewan's asylum, was caught near Wappinger's Falls yesterday. A man supposed to be Perry was seen with Davis at 11 a. m. by Williams' wife, who sent her husband to search for them. The man who was thought to be Perry had an overcoat and it answered the description of one stolen from the Abbott house, and he had a bundle under his arm. He disappeared behind a knoll a moment after the woman saw him, and search is being made for him.

## Judge Ives Will Not Be Impeached.

St. Paul, Minn., April 16.—Late last night the house b. v. of 13 to 89 decided against the impeachment of Judge Frank Ives of the Fourteenth Judicial district.

## LARGE DAY'S WORK BY LEGISLATORS

## MANY BILLS CAME UP AT MADISON TODAY.

Hall's Anti-Pass Bill Presented—Will Not Reduce Workingmen's Exemptions—Bank Examination Bill Concurred In—Apportionment Bill Voted—Cities Can Furnish Light.

Madison, April 16.—The assembly this morning laid over the resolution for final adjournment, until tomorrow, and cannot adjourn before Saturday. The resolution for anti-pass legislation which was favored by 50,000 voters at 500 town meetings, and with only 600 dissenting votes, was presented. The bill reducing the exemption of laboring men from \$60 to \$15 a month for a period of three months, was killed.

The senate concurred in the Davidson bank examiners' law. The bill providing for the apportionment of the state by a legislative committee was also concurred in. The bill allowing cities to furnish light to private consumers was sent to a third reading, and the bill licensing those loaning money on chattel mortgages was killed.

The bill appropriating \$78,900 for state charitable and penal institutions passed the assembly under suspension of the rules. This measure gives the state school for the blind \$40,000 for a new building and \$6,000 to purchase a site; in addition to their regular appropriation for expenses. The state board of control decided last night to move no heads of state institutions until their terms expire.

## OHIO MINE CAVES IN.

No One Hurt, but Salineville Houses May Take a Tumble.

Salineville, O., April 16.—Owing to a mistake of the surveyors of the Old Shaft mine the shaft was run under the bed of Big Yellow creek. Saturday afternoon, while the miners were at work, the roof fell in without any warning. The mine was flooded, and several of the men had narrow escapes from drowning. All day Sunday men were at work in the bed of the creek trying to change the course of the stream, but owing to the high water their efforts were unsuccessful. The old shaft is connected with the new mine, and the water is backing up to the workings of the latter, and it is feared that both mines will be a total loss. Two hundred miners will be thrown out of work and a loss of \$25,000 to \$30,000 sustained by the owners of the mine. The mines are the only means of support of the people of the town. There are grave fears that the influx of water into the mines will cause a disastrous cave-in, as many houses on East Main, High, and North Water streets are built over the shaft.

## FIRE LOSS OF \$300,000.

Court House and Business Blocks at Plattsburg, Mo., Burned.

Plattsburg, Mo., April 16.—The fire which started yesterday afternoon in the livery stable of James Storman, at the south end of Main street, resulted in the destruction of the court house with all its records, two entire business blocks and the partial destruction of a third block. The flames rapidly enveloped the large livery stable and were carried by a north wind over the entire block.

Although the volunteer fire department worked hard, the scarcity of water and the fact that there were several frame buildings in the block, militated against the men. The Clay & Finkhouse Banking company, Hill & Young, grocers; Trimble & McWilliams, F. C. Frost, George Erisig and Joseph Sutler, jewelers, are among the principal losers. Very little goods were saved from any of the burned buildings. The loss will foot up \$300,000, on which the insurance is probably over half.

## Brazil Badly Unsettled.

New York, April 16.—The Herald's correspondent in Rio Janeiro, Brazil, sends word that at the opening of congress various senators are ready to oppose the request of the government for funds to pay the Buett indemnity and other foreign claims arising out of the revolution. It is learned on good authority that the political and financial condition of the republic is unstable, and in the event of the death of President Moraes another revolution would almost certainly follow.

## Corn Crop Too Slender.

Washington, April 16.—An official of the agricultural department, discussing the recent increase in the price of cattle, says that it may be occasioned by the decrease in the corn crop of the past few years. The last great crop of the country was that grown in 1891, and available in 1892. It amounted to 2,000,000 bushels. The crop of 1892 was 1,630,000,000 bushels, that of 1893 1,520,000 bushels, and the crop of 1894 less than 1,200,000 bushels.

## MAYOR WAS GIVEN A HANDSOME CHAIR

SURPRISED AT THE COUNCIL MEETING LAST NIGHT.

**City Attorney McElroy Made the Presentation Speech and Mayor Thoroughgood Was So Surprised That Words Failed Him—Bonds of Officers Elect Filed—Council's Work.**

The last meeting of the old council was a little out of the usual order, in that City Attorney McElroy called the council to order as Mayor Thoroughgood approached the mayor's desk, where a handsome upholstered easy chair had been placed by a number of the mayor's friends. When Attorney McElroy called for order the mayor halted and looked around, when the attorney, in a few well-chosen words,

presented the chair to Mayor Thoroughgood in behalf of a number of friends, who took advantage of this occasion to acknowledge their appreciation for the faithful services rendered during the past two years.

This was a complete surprise to the mayor, who was unable to reply, but recovering somewhat, he stated that when he entered the chamber and noticed the handsome chair, he thought it was for Mayor Baines, and that Baines was being better served than he had been. He thanked his friends very cordially for their kind remembrance, but was unable to express his sentiments.

All the members were present, and the council got right down to work of clearing the tables of old business.

The bond of W. J. Hemming, alderman elect to fill the vacancy caused by the resignation of William Cunningham, was referred to the judiciary committee. The clerk then presented the bonds of all the city officers-elect, which were referred to the judiciary committee, and subsequently reported back by that committee as in due form and sureties good. Approved and placed on file.

The city treasurer's report to April 15, was referred to the finance committee. The annual report of the street commissioner was referred to the highway, street and bridge committee, and subsequently reported back and placed on file.

Alderman Baines, of the finance committee, reported in favor of allowing sundry bills against the several funds; also, orders for the payment of claims against the several streets paving funds, and for the payment of inspectors and clerks of election. Adopted.

Alderman Baines also reported that the committee had been unable to make a satisfactory settlement with Ex-Treasurer Murphy, and moved that the matter be referred to the city attorney. Adopted.

Alderman Baines presented an order which was adopted, directing the mayor to borrow, on the credit of the city, one thousand dollars, and place the same to the credit of the general fund.

On motion of Alderman McLean, Mrs. Amanda Skelly was given permission to occupy a portion of Jackson street with building material while building her block, she to hold the city free of all damage in consequence of said occupation.

City Clerk Bates then read the journal of the last regular meeting and also the present meeting and the same were approved. Mayor Thoroughgood then addressed the council as follows:

**GENTLEMEN OF THE COUNCIL:** The time has arrived when the management of the city affairs passes into other hands, and I deem it proper to say a few words before the change takes place. Some of you hold over, some retire and others succeed themselves. The election is over. The electors' choice of city officials will soon assume their several duties and the un-

pleasant features consequent to these elections will soon be of the past. In speaking personally it has been my aim and desire during my official term to create a friendly and pleasant feeling, both in the council chamber and out of it. I have attended many social and public gatherings and assisted (in my humble way) any enterprise of that character without any consideration as to politics or religion, and I believe properly so. I have always considered this as a duty, especially when kindly invited to do so. My reception at these gatherings has always been most welcome, and if I have been of any service to any of them I am truly thankful. To you, gentlemen of the council, I am happy to say, our business relations the past two years have been pleasant. The readers of our local papers have seen from council reports that the duties, especially the past year have been very arduous. Many things of an unpleasant nature have taken up much time and have finally been disposed of. Several measures have been passed by the legislature which will tend to assist the incoming council, which the old one could not enjoy. To be a member of a city council is no sinecure, and that of mayor is full of anxiety and worry, so much so, only those that have held the position are capable of passing upon.

In conclusion, gentlemen of the council, allow me to say I thank you very kindly for your many indulgences and believing your work has been done for the best interests of the city, I, as your representative officer, have only admiration for you. Before closing I desire to say to those citizens who have been diligent in keeping myself from entering the race for reelection, I have no unkind word for you. Tonight I am relegated to a private citizen again, which I confess relieves me from duties which have been many times annoying and sometimes expensive, and in now retiring I wish it understood from this rostrum that I will prove myself in capable hands. Gentlemen of the old council, I thank you for your kind attention during our companionship as representatives of the city of Janesville's municipal government.

Alderman Baines moved that a vote of thanks be tendered Mayor Thoroughgood for the able and impartial manner in which he had conducted the meetings of the council for the past two years. Adopted unanimously.

**Mayor Thoroughgood—**"I thank you very much."

On motion of Alderman Kothman the council adjourned sine die.

W. T. Stanford, station agent of Leeper, Clarion county, Pa., writes: "I can recommend One Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens.

**BOWER CITY NEWS NOTES.**

Just like cord wood is the way that silk is piled up in our store room, never in the history of the town was there shown such a display of silk. \$12,000 worth now on sale. No one here can compete. Bort, Bailey & Co.

The recommendations and guarantees offered by the Jewel Gasoline stove people are the best and as the stoves have worked on this principal for thirteen years they should be good. A. H. Sheldon & Co.

Don't push bicycles any more at present, said E. W. Lowell to our representative yesterday. We can't get fast enough to supply the demand, although the Columbia people are turning out 1800 a month.

The desirable feature of our silk sale going on now and to last for ten days, is that you can buy it for 30 per cent less than ever before sold, thus saving the silk profit. Bort, Bailey & Company.

We are making room in our store every day for goods, but we do not have to sell them for what they cost us but will make them less than what our neighbors paid for them. Brown Bros. & Lincoln.

Come to the jobbing house of Brown Bros. & Lincoln and buy your shoes. You can buy of them at the price other dealers have to pay for the goods.

BLACK shirts cut full length, every one 36 inches long, colors guaranteed absolutely fast black and stainless, 50 cents during our soft shirt sale. Ziegler.

BUTCHERS' annual ball at Armory Thursday night. Smith's orchestra of fourteen pieces. Prof. Williams and wife will lead the grand march.

NEGLIGEE shirts 50 cents; stiff hats, 1895 style, 25 cents; spring suits, \$8. Anyone can be dressed. We do this. Ziegler.

We sell a superb line of soft and starched shirts; new styles with detached collars and cuffs at \$1 each. Ziegler.

PROF. SMITH with 14 pieces behind him, will make excellent music for the Butchers Thursday night, at the Armory.

PROF. SLOCUM's full band of twenty pieces will play for the Butchers' ball at Concordia hall Thursday night.

HATS, nice stiff ones, this year's style, no old goods, 25 cents each at Ziegler's.

THE Butchers' ball will be at the Armory Thursday night.

BUTCHERS' ball at Concordia hall Thursday night.

Sick headache, constipation and indigestion are quickly cured by De Witt's Little Early Risers, the famous little pills. C. D. Stevens.

## WEEK IN THE COUNTY IS HERE SUMMED UP

### WHAT HAS BEEN HAPPENING IN OLD ROCK.

Arthur Catlin's Tragic Death in Chicago Started Milton Junction People—Remains Were Interred There—The News of Milton, Indian Ford, Shopiere and Other Places.

MILTON JUNCTION, April 15.—The community was startled Sunday by the news that Arthur Catlin, a former Junction boy had been killed by the cars in the yards at Chicago where he worked. The body arrived here Sunday night and was taken to the home of his father-in-law, Mr. Pellet. The funeral was held Monday afternoon and a large concourse of people attended. It is not known how he was killed but he was probably crushed between cars as he was taking numbers. Mr. Catlin married Miss Grace Pellet some three years ago, who with a little son are left to mourn their loss. They have the sympathy of the entire community. Sherm Crandall came down from Mazomanie to visit friends on Saturday and will stay a few days. Mr. Johnson of Darien is visiting at Stephen Kerns. Mrs. Vanclue and daughter returned from Beloit Monday. The girls had the measles while there. Addie Miner, Ross and Wallace Coon have been entertaining the measles this week. Miss Boss has returned to her home on Rock Prairie. Miss Ella Frink is clerking in the bakery. A number of tramps camped in Dave Kelley's barn a few nights ago, and having some whisky with them proceeded to make things lively. They were invited to leave in the morning, which they were loth to do. However, they started toward Fort Atkinson. Mr. and Mrs. Gates, of Clinton Junction, visited their son Will Gates, Monday night. A number are making gardens. Charles Ogden and family now occupy the Bullock home on Golden lane. Mrs. Lovejoy, of Janesville, will assist in the concert to be given in the Methodist church the coming week. M. Allie Button, of this place, assisted in an entertainment by the Epworth League at Edgerton recently. Her readings were highly spoken of.

### THE NEWS OF MILTON TOWN.

Hobo Fight Was at the Junction—Baled Hay Shipped—Other Items.

MILTON, April 16.—The "Hobo Matinee" reported in Friday's daily as having occurred here, took place at Milton Junction, not at the "college" town. The Gazette reporters should be more careful about locating events in the village where they occur, that credit or discredit may be given where it properly belongs. Henry Bowers shipped two carloads of baled hay from this station Friday. Mrs. Samuel Pierce has moved to Charter Oak, Iowa, where Mr. Pierce is located. Frank Masser and family, who have been living on the Titus farm, moved to Chicago this week. Mr. and Mrs. A. A. Atherton, of Fort Atkinson, have been visiting relatives and friends here. Bernie Saunders is riding a new Columbia of the '95 model. Miss Clough and Leo Saxton of Darien, were the guests of Mr. and Mrs. Clem W. Crumb this week. C. E. Perry has bought a "Road King" wheel. Prof. Arthur V. Greenman, principal of the Aurora, Ill., high school, has been elected vice president of the Northern Illinois Teachers' Association. Prof. Greenman spent his young days here and is an old time student of Milton college. Mr. and Mrs. Willard Austin of Lima, were guests of their mother, Mrs. S. I. Spaulding, Sunday. Easter was observed by the Congregational and Methodist churches with appropriate services, the latter presenting a special program Sunday evening. Mr. and Mrs. E. Crandall, who have been on the sick list are able to be out. Misses Tomkins and Farnham returned to their school work at Milwaukee and Wauwatosa Monday. Miss Birdie Miller returned to Milwaukee Monday to resume her course in Kindergarten work.

A WEEK'S NEWS AT SHOPIERE.

Rev. K. K. Manitow Is Ill—Mrs. Chadsey's Death—Other News Notes.

Rev. R. K. Manitow is on the sick list. He is at the hospital at Janesville. Mr. Potter from Allens Hill presided in the M. E. church on Sunday last. A. D. Parker came home on Saturday. He has not been home for some time. Miss Rena Schenck expects to go to Salt Lake some time this week and live with her mother. Miss Cole from Afton has been visiting her the past week. Mrs. Mary R., wife of J. R. Chadsey, passed away at the home of her daughter, Mrs. Event Fonda in Shopiere, at 11:15 in the evening, April 13, with catarrh of the stomach, after a long and painful illness, aged seventy years. The funeral was held at Sharon, Wis., on Tuesday, April 16, and at the M. E. church at 2 o'clock. Sidney Nash of Beloit, spent Easter Sunday in Shopiere. Mr. and Mrs. Ayers visited Beloit last Sunday. Sam Capron came down from Stoughton and spent Easter at home. Dr. Green of Turkey, will give a lecture at the Congregational church on missionary work on Thursday evening, April 18. A poverty social will be held at the Congregational chapel on Friday evening, April 19. Admission twenty-five cents. A cordial invitation is extended to all. An Easter concert will be held at the Methodist church on Sunday evening, April 21.

Gossip From Indian Ford.

INDIAN FORD, April 16—J. C. Hurd

shipped four cars of very nice sheep to the Chicago market last Wednesday night. Miss Emma Sebell came up from Whitewater, where she is attending the normal school, Friday night and will go back Monday morning. Oscar Tubbs, who was located in Mrs. Hopkins' house has moved into another house owned by Mrs. Hopkins. George Green and Burt Jackson went duck hunting one day last week. J. C. Hurd made a business trip to Chicago last week. Tim Branks has moved onto a farm owned by John Sherman near Newville. E. L. Hallet has finished sowing his '94 crop of tobacco. Lime Wood had a valuable horse kicked and Mr. Brown took five stitches to close up the wound. J. C. Hurd will build a new house soon. George Scofield was seen on our streets last Saturday. J. L. Chamberlain has commenced stripping his '93 crop of tobacco. Joe McCann and Nels Fredandall made a business trip to Janesville last Saturday.

The Season's Gala Event.

From the preparations that have been made the Butchers' ball at Concordia hall Thursday night will be the greatest event of the season. Prof. Slocum's orchestra of 20 pieces from Harvard and Chicago, has been engaged for the occasion. It is the best orchestra in the state of Illinois and nothing like it in Wisconsin. Prof. Slocum and wife will lead the grand march. Those who do not attend the Butchers' ball of 1895, at the Concordia hall Thursday night, will miss one of the greatest social events of their life.

Brothers Byrne.

These ever-popular and well-known pantomimists will appear in their comedy success "Eight Bells," at Myers Grand tonight. In presenting "Eight Bells" to our theatre patrons this season, the Brothers Byrne have expended over \$15,000 in new scenery, mechanical tricks and elegant paper.

They intend giving one of the best and most complete pantomimic comedies on the stage. The reputation they have gained for themselves has been done through hard and faithful work, and for this reason have been able to keep the confidence of the people. "Eight Bells" will be a startling revelation in stage-craft.

To the User.

For thirteen years Jewel gasoline stoves have been known to the world, and known successfully. In asking you to purchase a Jewel we offer you a process stove that is handsome and perfect, and will fill your requirements in every particular.

A. H. SHELDON & CO.

The Henney Leads.

Watch the testimonial we publish from day to day about the Henney. A. M. & G. M. Johnson, Algona, Iowa, write: "For quality, style and finish, we find nothing in the market that will compare with your vehicles, when price is considered. They always fill the bill, and our customers want nothing better than the Henney. The general satisfaction it has given our trade enables us to sell your work to a better class of trade and to better advantage than any we have ever handled." For sale by F. A. Taylor.

Doctor H. R. Fish, of Gravois Mills, Mo., a practicing physician of many years' experience, writes: DeWitt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar. C. D. Stevens.

Listen to the Henney.

It is not often one finds a buggy that stands as highly as the Henney.

Fuller's Hardware and Machinery Co., Creston, Iowa, writes:

I first handled "Henney" buggies in the year 1885, ten years ago, and I find the goods sold then still give good satisfaction. For style and quality of material the "Henney" is hard to beat.

We sell this elegant vehicle.

F. A. TAYLOR.

B. H. Bowman: Pub. Enquirer; of Bremen, Ind., writes: Last week our little baby girl, the only one we have, was taken sick with croup; After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. C. D. Stevens.

A Bad Egg.

An ancient egg that has an Aroma that really rents the atmosphere should be left alone. Equally true of paper shoe making, it may look fairly well but alas the wear is where the disappointment comes. We sell you only reliable shoes.

BROWN BROS. & LINCOLN.

THE PROGRAMME FOR THE NIGHT.

JANESVILLE City Lodge No. 90, I. O. F., at Odd Fellows hall, 61 West Milwaukee street.

St. Joseph's Court No. 229, Catholic Order of Foresters, at Union Catholic League hall.

VORWARTZ Lodge No. 129, Ancient Order of United Workmen, at Liberty hall.

CRYSTAL Temple of Honor, No. 32, in the Lappin block, East Milwaukee street.

WESTERN Star Lodge No. 14, F. and A. M., at Masonic hall.

W. R. C. anniversary, All Souls church.

"Eight Bells" at the opera house.

Our patrons will find DeWitt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

If the Baby is Cutting Teeth,

Be sure and use that old and well tried remedy, Mrs. Winston's Soothing Syrup for children teething. It soothes the child, softens the gums all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## OIL HAS GONE UP IN LOCAL STORES

### PRICES "HAVE RIZ" TO HIGH WATER MARK.

Short Supply of Crude Material Is Said To Be the Cause, And if New Fields Are Not Found Soon a Famine Will Be the Inevitable Result

Oil has gone up several cents a gallon and the chances are that it will go higher yet. The advance has kept the local dealers busy explaining to their customers. The officials of the standard oil company have sent out printed cards to the retail trade giving notice of an advance in the price of refined oil of 7½ cents a gallon. This is the highest point touched in seven years, and dealers predict a still further advance.

The advance was made necessary by the rise in the crude market, it is said. The fact is, this country is not producing nearly as much petroleum as it is consuming, and the exports are growing daily. The surplus stocks are being reduced at a rate of 1,000,000 barrels a month. Unless new fields are discovered an oil famine is quite within the possibilities. The activity in the Pennsylvania oil country and other oil producing states will doubtless be greater than for years.

La Grippe is here again with all of its old time vigor. One Minute Cough Cure is a reliable remedy. It cures, and cures quickly. C. D. Stevens.

179 PUPILS LEAVE THE SCHOOLS.

Reasons Advanced—Final Meeting of the Old Board Held Last Evening.

Superintendent Mayne surprised the school board last evening when he announced that there had been a decrease of one hundred and seventy-nine pupils in the public schools during the past year. This fact was brought out at a teachers' meeting held Monday afternoon, at which an account was taken of all pupils who had withdrawn during the year. The reasons given for the withdrawal of this large number of pupils were as follows:

**SUNDAY'S SERMON**  
BY DR. TALMAGE.  
EASTER JUBILEE IN A METROPOLITAN CHURCH.

"Death Is Swallowed Up in the Victory"  
Cor. 15: 24—The Struggle Between  
Light and Darkness—The Decisive  
Battle Is Yet to Come.

BOUT EIGHTEEN hundred and sixty-one Easter mornings have wakened the earth. In France for three centuries the almanacs made the year begin at Easter, until Charles IX. made the year begin at January 1st. In the Tower of London there is a pay-roll of Edward I., on which there is an entry of eighteen pence for four hundred colored and pictured Easter eggs, with which the people sported. In Russia slaves were fed and alms were distributed on Easter.

Ecclesiastical councils met at Pontus, at Gaul, at Rome, at Achaea, to decide the particular day, and, after a controversy more animated than gracious, decided it, and now through all Christendom in some way, the first Sunday after the full moon which happens upon or next after March 24 is filled with Easter rejoicing. The royal court of the Sabbath is made up of fifty-two. Fifty-one are princes in the royal household; but Easter is queen. She wears a richer diadem, and sways a more jeweled sceptre, and in her right hand the wrenched-off bolt of Christ's sepulchre, and holding high up in her left hand the key to all the cemeteries in Christendom.

My text is an ejaculation. It is spun out of hallelujahs. Paul wrote right on his argument about the resurrection, and observed all the laws of logic; but when he came to write the words of the text his fingers and his pen and the parchment on which he wrote took fire, and he cried out, "Death is swallowed up in victory!" It is a dreadful sight to see an army routed and flying. They scatter everything valuable on the track. Unwheeled artillery. Hoof of horse on breast of wounded and dying man.

You have read of the French falling back from Sedan, or Napoleon's track of ninety thousand corpses in the snow-banks of Russia, or of the five kings tumbling over the rocks of Bethorion with their armies, while the hailstorms of heaven and the swords of Joshua's hosts struck them with their fury. But in my text is a worse discomfiture. It seems that a black giant proposed to conquer the earth. He gathered for his host all the aches and pains and maladies and distempers and epidemics of the ages. He marched them down, drilling them in the northeast wind, amid the slush of tempests. He threw up barricades of gravemound. He pitched tent of charnel-house. Some of the troops marched with slow tread, commanded by consumptions; some in double-quick, commanded by pneumonias. Some he took by long besiegement of evil habit and came by one stroke of the battle-ax of casualty. With bony hand he pounded at the doors of hospitals and sick-rooms and won all the victories in all the great battle-fields of all the five continents. Forward, march! the conqueror of conquerors, and all the generals and commanders-in-chief, and all presidents and kings and sultans and czars drop under the feet of his war charger.

But one Christmas night his antagonist was born. As most of the plagues and sicknesses and despots came out of the east, it was appropriate that the new conqueror should come out of the same quarter. Power is given him to awaken all the fallen of all the centuries and of all lands, and marshal them against the black giant. Fields have already been won, but the last day will see the decisive battle. When Christ shall lead forth his two brigades, the brigade of the risen dead and the brigade of the celestial host, the black giant will fall back, and the brigade from the riven sepulchres will take him from beneath, and the brigade of descending immortals will take him from above, and "death shall be swallowed up in victory." The old braggart that threatened the conquest and demolition of the planet has lost his throne, has lost his sceptre, has lost his palace, has lost his prestige, and the one word written over all the gates of mausoleum and catacomb and necropolis, on cenotaph and sarcophagus, on the lonely cairn of the Arctic explorer and on the catafalque of great cathedral, written capitals of azalea and calla lily, written in musical cadence, written in duxology of great assemblages, written on the sculptured door of the family vault, is "Victory." Coronal word, embowered word, apocalyptic word, chief word of triumphal arch under which conquerors return. Victory! Word shouted at Culloden and Balaklava and Blenheim; at Megiddo and Solferino; at Marathon, where the Athenians drove back the Medes; at Poitiers, where Charles Martel broke the ranks of the Saracens; at Salamis, where Themistocles in the great sea-fight confounded the Persians, and at the door of the eastern cavern of chiseled rock, where Christ came out through a recess and throttled the King of Terrors, and put him back in the niche from which the celestial Conqueror had just emerged. Ah! when the jaws of the eastern mausoleum took down the black giant, "death was swallowed up in victory."

I proclaim the abolition of death. The old antagonist is driven back into mythology with all the lore about Stygian ferry and Charon with oar and boat. We shall have no more to do with death than we have with the cloak room at a governor's or president's levee. We stop at such cloak room and leave in charge of the servant our overcoat, our overshoes, our outward apparel, that we may not be impeded in the brilliant round of the drawing room. Well, my friends, when we go out of this world we are going to a king's banquet, and to a reception of monarchs, and at the door of the tomb we leave the cloak of flesh and the wrappings with which we meet the storms of the world. At the close of our earthly reception, under the brush and broom of the porter, the coat or hat may be handed to us better than when we assigned it, and the cloak of humanity will finally be returned to us improved and brightened and purified and glorified. You and I do not want our bodies

returned to us as they are now. We want to get rid of all their weaknesses, and all their susceptibilities to fatigue, and all their slowness of locomotion. They will be put through a chemistry of soil and heat and cold and changing seasons out of which God will reconstruct them as much better than they are now as the body of the rosiest and healthiest child that bounds over the lawn is better than the sickest patient in the hospital.

But as to our soul, we will cross right over, not waiting for obsequies; independent of obituary, into a state in every way better, with wider room and velocities beyond computation; the dullest of us into companionship with the very best spirits in their very best moods, in the very best room of the universe, the four walls furnished and panelled and pictured and glorified with all the splendors that the infinite God in all ages has been able to invent. Victory!

This view, of course, makes it of but little importance whether we are cremated or sepultured. If the latter is dust to dust, the former is ashes to ashes. If any prefer incineration, let them have it without caricature. The world may become so crowded that cremation may be universally adopted by law as well as by general consent. Many of the mightiest and best of earth have gone through this process. Thousands and tens of thousands of God's children have been cremated. P. P. Bliss and wife, the evangelist singers, cremated by accident at Ashtabula bridge. John Rogers cremated by persecution; Latimer and Ridley cremated at Oxford; Pothinus and Blondina, a slave, and Alexander, a physician, and their comrades, cremated at the order of Marcus Aurelius. At least a hundred thousand of Christ's disciples cremated, and there can be no doubt about the resurrection of their bodies. If the world lasts as much longer as it has already been built, there perhaps may be no room for the large acreage set apart for resting places, but that time has not come. Plenty of room yet, and the race need not pass that bridge of fire until it comes to it. The most of us prefer the old way. But whether out of natural disintegration or cremation we shall get that luminous, buoyant, gladsome, transcendent, magnificent, inexplicable structure called the resurrection body, you will have it, I will have it. I say to you today, as Paul said to Agrippa, "Why should it be thought a thing incredible with you, that God should raise the dead?"

That far-up cloud, higher than the hawk flies, higher than the eagle flies, what is it made of? Drops of water from the Hudson, other drops from East river other drops from a stagnant pool out on Newark Flats. Up yonder there, embodied in a cloud and the sun kindles it. If God can make such a lustrous cloud out of water drops, many of them soiled and impure, and fetched from miles away, can he not transport the fragments of a human body from the earth, and out of them build a radiant body? Cannot God, who owns all the material out of which bones, and muscle, and flesh are made, set them up again if they have fallen? If a manufacturer of telescopes drop a telescope on the floor and it breaks, can he not mend it again so you can see through it? And if God drops the human eye into the dust, the eye which he originally fashioned, can he not restore it? Ay, if the manufacturer of the telescope, by a change of the glass and a change of focus, can make a better glass than that which was originally constructed, and actually improve it, do you not think the fashioner of the human eye may improve its sight and multiply the natural eye by the thousandfold additional forces of the resurrection eye?

"Why should it be thought with you an incredible thing that God should raise the dead?" Things all around us suggest it. Out of what grew all these flowers? Out of the mould and earth. Resurrected. Resuscitated. The radiant butterfly, where did it come from? The loathsome caterpillar. That albatross that smites the tempest with its wing, where did it come from? A senseless shell. Near Bergerac, France, in a Celtic tomb, under block, were found flower seed and planted it, and it came thousand years. The explorer took the flower seed and planted it, and it came up, it bloomed in bluebell and heliotrope. Two thousand years ago buried, yet resurrected. A traveller says he found in a mummy pit in Egypt garden peas that had been buried there three thousand years ago. He brought them out, and on June 4, 1844, he planted them, and in thirty days they sprang up. Buried three thousand years, yet resurrected.

"Why should it be thought a thing incredible with you that God should raise the dead?" Where did all this silk come from? the silk that adorns your persons and your homes? In the hollow of a staff. Greek missionary brought from China to Europe the progenitors of those worms that now supply the silk markets of many nations. The pageantry of bannered host and the luxurious articles of commercial emporium blazing out from the silkworms. And who shall be surprised if out of this insignificant earthly life our bodies unfold into something worthy of the coming eternities. Put silver into diluted nitre and it dissolves. Is the silver gone forever? No. Put in some pieces of copper and the silver reappears. If one force dissolves, another force reorganizes.

"Why should it be thought a thing incredible with you that God should raise the dead?" The insects flew and the worms crawled last autumn feebler and feebler, and then stopped. They have taken no food, they want none. They lie dormant and insensible, but soon the south wind will blow the resurrection trumpet, and the air and the earth will be full of them. Do you not think that God can do as much for our bodies as he does for the wasps, and the spiders and the snails? This morning at half-past 4 o'clock there was a resurrection. Out of the night, the day. In a few weeks there will be a resurrection in all our gardens. Why not some day a resurrection amid all the graves? Even and anon there are instances of men and women entranced. A trance is death, followed by resurrection of mental power and voluntary action. Rev. William Tennent—great evangelist of the last generation, of whom Dr. Archibald Alexander, a man far from being sentimental, wrote in most eulogistic terms—Rev. William Tennent seemed to die. His spirit seemed to have departed. People came in day after day and said: "He is dead; he is dead." But the soul returned, and William Tennent lived to write out experiences of what he had seen while his soul was gone. It may be found some time that what is called suspended animation or coma

(continued on Page 6)

A Lame man is scarcely more than half a man either in comfort or effective work.

second-class matter.

## THE SILVER CRAZE.

That the silver issue is likely to be a prominent factor in the next campaign, is no longer a question of doubt. It is well that it should be, for the nation can never hope for permanent prosperity until a sound financial policy is adopted. More important than the success of any party, is the settling of this vexed question, and yet it will be settled by the two great parties now contesting for supremacy.

The democratic party demoralized, almost beyond recognition, is already bidding for the free silver and populist vote, hoping thereby to muster strength sufficient to rally, and carry on a vigorous campaign, in spite of the losses that will necessarily be sustained, from the ranks of the sound money element in their party. While there is a small contingency of the republican party, that is tinctured with the free silver craze, it is so small and will be so much smaller before the campaign fairly opens, that the loss will not be perceptible.

The republican party has always been a sound money party and will continue to be as long as the party exists.

The party possesses too much intelligence and too much financial

sense to ever become infatuated with the notion that 50 cent dollars can be successfully forced upon the people in unlimited quantity, for any great length of time.

The average republican knows, what the man of average common sense ought to know, that American silver bullion is worth in the open market exactly the same as foreign silver bullion, no more and no less, precisely the same as American wheat is worth in the open market the same as foreign wheat. He knows another thing that is not very difficult to understand, and that is that there would be just as much sense in demanding one dollar a bushel for the American wheat after it is manufactured into flour, as there is for demanding one dollar for fifty cent American bullion after it is coined. The subterfuge might be tolerated for a time at home, but the scheme is altogether too gaudy for a steady diet.

If there is any reason why this fair country should be cursed with an unlimited quantity of debased coin, it is high time that some silver tongued orator proclaimed it to the nation, in tones so clear and convincing that the average citizen might understand and appreciate.

The argument is used, that the country needs a larger circulating medium and that if it was flooded with silver cart wheels, that everybody would have more money.

The people who use this argument, seem possessed with the idea that somehow the government is engaged in the manufacture and distribution of money, and the silver mines of the country should furnish the bullion for the industry. The price paid is of no consequence, so long as the hopper is supplied and the mill kept moving.

This argument is too frivolous to merit an answer; and yet there are some people who seem unable to grasp an idea unless it is pounded into them with a mallet. It is generally understood that the wealth of this country like the wealth of other countries, is not represented by the few hundred million dollars used for convenience as a circulating medium. It is understood equally as well that ninety-four per cent of the business of the world is transacted, not with gold, silver or currency, but with that more common and universal medium, known as confidence.

The "American Banker" published in its issue of April 10, '95, the condition of the New York banks, at the close of business April 6. The statement shows that the banks had in their vaults sixty-four million dollars in specie and 480 million dollars in notes given for borrowed money; this is certainly a liberal volume of confidence, as compared with the volume of specie, and yet the 480 million was just as good as the specie, because behind it was property, wealth and confidence.

The farmer sells a horse and as a rule he would rather have a good twelve months' note, drawing six per cent, than the gold in his pocket.

The man who honestly believes that the country is short of money, is laboring under a delusion, and the quicker he gets the notion out of his head the better.

The panic was not caused by a shortage of money, but simply by a lack of confidence.

Curse the country with free fifty cent silver, and say to the world "America proposes to pay her debts at a fifty per cent discount" and in less than twelve months seventy-five per cent of the men in business would be bankrupt.

The state of Colorado tried the policy on a small scale when they elected that fanatic, Waite, as governor, and turned the state over to populist rule. The credit of the state was demoralized and weakened, as

was the credit of every business man within its borders.

If democracy wants free silver, let them have it. The republican party can well afford to meet the issue, and there is no uncertainty about the result.

## AN EVENING SPENT WITH TRILBY.

Enjoyable Entertainment Was Given By the Trinity Church Guild.

Janesville's first Trilby entertainment occurred at Columbia hall last evening, the affair being under the auspices of the Trinity Church Guild. The stage was appropriately arranged and decorated and the tableaux were very pretty, beginning with Trilby as a young girl and ending with the death scene. Miss Blanche Sweeney

represented young Trilby, "wistful and sweet," and Miss Myrtle Williams appeared in the role in later life. A large audience enjoyed the entertainment. The program was as follows:

Tableau—"Wistful and Sweet".....

Reading.....Miss Williams

Tableau—The Studio.....Mrs. Sweeney

Violin Solo—Rosemunde.....Miss Williams

Reading.....Miss Walker

Tableau—"Trilby, Where is she?".....

Piano Solo—Funeral March—Chopin.....

Reading.....Miss Williams

Solo—Ben Bolt.....Mrs. Torrens

Tableau—Little Billee and the Two Soldiers

Reading.....Miss Williams

Piano Solo—Impromptu—Chopin.....

Tableau—"Trilby".....Mrs. Sweeney

Violin Solo.....Miss Walker

Reading.....Miss Williams

Solo—Solemn.....Mrs. Torrens

Tableau—"Svengali, Svengali, Svengali".....

## CITY NEWS IN BRIEF.

"COME into the garden Maud," he began, in the words of Tennyson's beautiful poem. "Not on your life," replied the fair girl, the coldness of her tones covering the window panes with a lace film of frost. "I'll go nowhere with you, not even into the garden, as long as I can ride in this elegant buggy, the Albemarle Stanhope." It's made and for sale by the Wisconsin Carriage Top Co.

YES, he'll know better next time. There can be but one end to buying an unreliable gasoline stove, and that is dissatisfaction. What's the use of taking chances? The money that you pay for a poor stove will buy the best, a Quick Meal at the Lowell Hardware Co.

THE "garden of sleep" publicly refers to the person who has not yet awakened to the advantages of a Quick Meal gasoline stove. Our wide awake house sells them, all sizes, all prices. Lowell Hardware Co.

The prices we are making on the Banister and Strong & Carroll goods are giving the boys a pain that only time will remove. We are out for lower prices than ever before. Brown Bros. & Lincoln.

WHETHER a man runs for office or not, if his wife used a Quick Meal gasoline stove, everybody will vote him a sensible man. Sold by Lowell Hardware Co.

THE Butcher's Ball No. 1 will take place in the armory Thursday night. Smith's full orchestra of 14 pieces will furnish music.

LEAVE orders at the Janesville Steam Laundry for them to call for, clean and return your carpets. Satisfaction guaranteed.

HAVE you seen our gents' new styles? Call and see them. You are always welcome at Lloyd & Son's shoe store.

HAVE your carpets cleaned with the best carpet machine. Leave orders at Janesville Steam Laundry.

TALK about your brands of shoes. We can please you on price and quality at Lloyd & Son's.

OUR one dollar youths' shoes are going fast. Call and invest in a pair at Lloyd & Son's.

A FEW pair of our ladies' \$3 and \$4 shoes left, that we are closing out at \$1. Lloyd & Son.

A Tip From One of the Girls.

You may talk of occupation, Dreamy waltz or sly flirtation; You may search each clique and nation For your fondles heart's desire.

If there's one joy that doth hover Over all, and all joys cover It's to be loved by a lover Who takes you riding in an Albemarle Stanhope.

Even the girls are interested in our make of buggies.

Anyone wanting first class work in the line of carriage painting or repairing should call on the Empire Cross Spring Company, South River street, as their facilities for first class work are unsurpassed.

## OF FOR CHICAGO.

Just so often W. F. Hayes, the expert optician at F. C. Cook & Co.'s, goes to Chicago for three or four days to assist in the ophthalmic college, where he is first assistant. While there this time Mr. Hayes will perform some very delicate operations on the eye; but being a thorough optician in every sense of the word he will no doubt be successful. It is phenomenal how his optical business has grown; but then when one takes into consideration that he has fitted himself for this profession, there's not much to wonder about. Many very delicate cases that formerly went to Chicago, now stop at Janesville to have W. F. Hayes fit glasses to their eyes.

## Batchers Ball No. 1.

The regular annual butchers ball will take place Thursday night, April 18, at the armory. All preparations have been made for the best ball yet given in the city. Smith's full orchestra of fourteen pieces will furnish the music. Prof. Williams and wife will lead the grand march. The committee, in charge, have placed everything, so as to make this, the second annual butchers ball, the gala event of the season. It will be in the armory, the best dance hall in the city, and everybody will have a good time.

## Noblest Work of Man.

FIXING THE BRIDGE  
IS HIS FIRST WORK

## STREET COMMISSIONER WATSON SOUNDS THE PLANKS.

The Edges Nearest the Sidewalk are In the Most Dangerous Condition Owing to the Improper Drainage and They Have Been Fenced Off—City News.

STREET COMMISSIONER WATSON this afternoon, began his first job by closing up a portion of Milwaukee street bridge, and put men at work making some temporary repairs. After removing some of the paving blocks it was found that the greatest danger from rotten plank was next to the sidewalk, extending about a foot or two into the roadway. It appears that the water instead of running off the bridge as intended, followed back between the blocks and the plank, thus keeping the plank wet, and exposing them in such a manner as to permit rot to set in quicker than in places less exposed to dampness.

THE monthly inspection of the Light Infantry took place last evening at the Armory. Captain Glass and forty of his men did themselves proud, in fact the local company is one of the best in the state. Captain Glass and the boys are all working hard. During the evening Major Cullen gave one of his lightning drills, to the delight of all present. The company expect to be inspected within the next ten days by Col. Buck of Madison. A dance followed the drill, for which Huyke's orchestra of four pieces furnished excellent music. The party broke up about 1 o'clock. The floor managers were John Koeblin and new Holmes and E. H. Miller.

MR. CHAS. ANDREWS was in town Monday and made arrangements to go to work for Green & Allen in a few days. Mr. Andrews is known to almost every man, woman and child in the city and he will make a very valuable acquisition to this already well-known plumbing, gas and steam-fitting house, as he is superior workman and his services are much sought for.

A NUMBER of the "bridge store merchants" were discussing the prospects of a new iron bridge, in place of the old Milwaukee street structure, this morning. They claim that iron truss work in front of their stores would be detrimental to their business.

ASSEMBLYMAN Fenner Kimball is confined to his home in this city, suffering from the effects of a severe cold. He hopes to be able to return to Madison on Thursday and be present at the closing of the final session of the legislature.

IT won't hurt you to look at those new style stiff hats we are offering for 25, 50, 75 cents, \$1 and \$1.50. If they don't suit you don't need to buy. We'll show you where you save a dollar. All this season's styles. Ziegler.

The ladies society of the All Souls church will hold their regular meeting tomorrow afternoon at 3 o'clock in the church parlors. Rev. V. E. Southworth has important business to bring before the meeting.

JUST step in and examine that silk. \$1200 worth stands up before you and it is the finest that "ever comes over."

We save you 30 per cent on every yard you buy, 10 days in which to do it. Bort, Bailey & Co.

MAJOR JOACHIM of Madison, was in the city yesterday the guest of Captain Glass. The major was on his way to Fort Atkinson, where he inspected the Hoard Rifles last evening.

NOBODY ever retailed shoes like those we sell this week for \$1.95.

Some ask for the same kind \$3.50, come to us this week and get a pair for \$1.95. The Bee Hive.

FRANK BLAIR left this morning for Chicago. Mr. Blair has been troubled with a cataract on his eye for some time past, and has gone to the city to have it removed.

NEXT Tuesday evening at Court Street church there will be given an entertainment of a novel and interesting nature with first class talent in all the parts.

WILL EVANS, who has resided in this city for some time past, expects soon to move to Beloit, where he will work at the carpenter trade.

EDDIE Fox's company passed through the city to-day on their way to St. Paul and Minneapolis where they will show this week.

THE remains of the Fond du Lac freight wreck, have arrived in the city, and are being overhauled by the Janesville wrecking crew.

Mrs. J. KAYLER of Whitewater, is visiting in this city, the guest of her brother, O. E. Smith, proprietor of Badger State House.

W. F. HAYES, the optician, went to Chicago this morning on his regular visit as first assistant at the Chicago Ophthalmic College.

AN Irish settler's dog had a fit in front of the postoffice last night and nearly every one present thought the canine was made.

THE Masons generally, are invited to attend the regular meeting and banquet tonight. By order J. L. Croft, W. M.

KEEP your eye open for bargains in the clothing and gents' furnishing goods line. S. D. Grubb went to Chicago today.

C. H. UNDEBELL the former proprietor of the Clear Lake hotel was in the city today. Mr. Underhill resides in Chicago.

W. S. MCGILVRY arrived in the city today and will soon be installed as head clerk at the Hotel Myers. Mr.

McGilvry has been manager of the Revere House at Clinton, Ia., for the past two years. He is a pleasant gentleman to meet and there is no doubt but that he will prove a valuable assistant to Landlord Miller.

EX-ALDERMAN KURCK telephoned to the jail this noon that a drunken man was in front of his place of business calling him all kinds of names. Turnkey North answered the call but when he arrived on the spot the man had disappeared. Later he was found in the rear of Ford's tailor shop and will take supper at the Appleby hotel tonight.

NOW is the time to take Radams Microbe Killer as a spring medicine, it is all that is claimed to be and is the best medicine for the blood on the market, cooling and strengthening. C. D. Stevens.

WHEN going out for a ride on your wheel, take a Kombi with you; takes perfect pictures and requires but a snap of the finger. Can be had at C. D. Stevens' pharmacy.

OFFICERS arrived in the city this morning with William Mooney of Edgerton. He was given three months in jail for throwing bricks through W. H. Tillman's door.

GEORGE DOWER entertained a number of friends last evening at a masonic, at the home of his parents, Mr. and Mrs. J. H. Dower 221 South Main street.

DR. E. GRISWOLD of Shullsburg, is in the city to attend the Knights conclave tomorrow night. Mr. Griswold is the guest of Mr. and Mrs. L. Morse.

CHARLES SMITH, Bert Watt, Charles Bliss, Cal Botsford and George Ford, attended an Easter party given in Whitewater last evening.

KOMBI cameras are not a toy, but one of the most practical little instruments on the market. For sale at C. D. Stevens' Pharmacy.

GENTS, ladies, misses and children Oxford ties in black and tan, the latest styles, cheaper than elsewhere at The Bee Hive.

MEN'S \$3 vici kid, Kangaroo and Cordovan shoes, lace and congress, raso, square and opera toes, for \$1.95 at The Bee Hive.

LADIES' \$3 kid shoes in button or lace, needle, square and opera tip toes for \$1.95 this week at The Bee Hive.

HON. HAMILTON RICHARDSON has returned from several months' sojourn in California and the Pacific coast.

NEGELIC shirt sale at Ziegler's. As fine a soft shirt as one cares to wear can be had there for 50 cents.

S. D. GRUBB the clothier and furrier went to Chicago this morning to look up some more bargains.

C. E. ZEININGER a former Janesville resident now of Chicago is visiting in the city for a few days.

MRS. E. DAKIN of Waukegan, is assisting in the city the guest of her brother, A. T. Wilkins.

GEORGE O. FORD is visiting in the city for a few days. He is now located in Chicago.

MRS. A. M. McNaughton returned home last evening, after a visit with friends in Chicago.

THREE dollars' worth of shoes for \$1.95; that is what you get this week at The Bee Hive.

W. T. SHERER & CO. will have 200 France and other choice flowers for Wednesday.

THE members of Odd Fellows Lodge No. 90 will meet tonight.

KOMBI cameras for sale at C. D. Stevens' Pharmacy.

EIGHT BELLS at the Myers Grand to-night.

HONOR FOR DR. Q. O. SUTHERLAND

He Was Elected President of the Hahnenmann Alumni Association.

DR. Q. O. Sutherland today received notice of the election to the office of president of the Alumni Association of Hahnenmann Medical College of Chicago. This is considered one of the highest honors that can be conferred upon a physician. By virtue of his office he will be a member of the executive committee of the college and hospital. The Hahnenmann school has the last year built a new college and hospital buildings and is today one of the best equipped medical colleges in the west. It had last year between six and seven hundred students. A proposition of annexation to the Chicago University is now being considered.

WEATHER WILL NOT Change.

FORECAST: Stationary temperature.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:

7 a. m...41 above

1 p. m...58 above

Max....58 above

Min....32 above

Wind east.

Cowlin-Wilkins.

A very pleasant wedding occurred

this noon at the residence of the officiating minister, Rev. H. A. Palmer, John A. Cowlin, of Woodstock, Ill.

Dr. Price's Cream Baking Powder

World's Fair Highest Medal and Diploma.

NEW OFFICERS GO IN  
WITHOUT CEREMONYINAUGURATION WAS A PLAIN  
BUSINESS TRANSACTION.

Mayor Baines, City Clerk Badger, Street Commissioner Watson, Sealer Kenyon and Justice Prichard Take Their New Jobs—The Alderman And School Commissioners Elect.

Janesville's new city officers were inaugurated this morning without pomp or ceremony. Frank S. Baines (democrat) assumed the functions of mayor in place of John Thoroughgood (republican). The remainder of the city officers elect are republicans they being as follows:

City Clerk—Arthur E. Badger, vice George H. Bates (dem.)

Street Commissioner—J. H. Watson vice George Hanthorn.

Sealer—D. T. Kenyon vice Ferdinand Quinn (dem.)

Justice of the Peace—M. S. Prichard, who was elected without opposition.

Each officer took possession of his office this morning, there being no ceremony whatever. Mayor Thoroughgood had little official business to transact early in the morning, it being the signing of orders passed by the council last evening, after which he stepped down and took a train for Chicago.

Clerk Bates was at his office earlier than usual this morning, and by the time the office is usually opened he had everything ready to turn over to his successor—Arthur E. Badger, which he did, at the same time volunteering any aid to the incoming clerk that he might desire.

Street Commissioner Watson busied himself inspecting the condition of the streets and walks, obtaining information for his forthcoming report to the council.

The other new officials did not show up this morning, but Justice Prichard remained at his office ready to attend to any business in his line.

The new city government is now constituted as follows:

Major—Frank S. Baines.

City Clerk—Arthur E. Badger.

City Treasurer—James A. Fathers.

City Attorney—Horace McElroy.

Street Commissioner—J. H. Watson.

Justices—M. P. Richardson, M. S. Prichard.

Sealer—D. T. Kenyon.

The aldermen who will serve in the new council are:

First ward—S. B. Hedges, Henry C. Stearns.

Second ward—O. Sutherland, S. C. Burnham.

Third ward—F. S. Winslow, E. R. Inman.

Fourth ward—W. J. Hemming, Fred Kothman.

Fifth ward—Ed. Smith, J. B. McLean.

The council will stand six republicans to four democrats.

The new school board will stand five republicans to two democrats, as follows:

First ward—James Shearer.

Second ward—F. L. Clemons.

Third ward—John Cunningham.

Fourth ward—R. W. McLean.

Fifth ward—John Weisend.

At Large—A. G. Anderson, T. W. Goldin.

Mayor Baines stated last evening that he would probably not convene the new council before Thursday evening, at which time the organization of that body will be perfected. The new school board will not be called together for several days.

"I do not think there will be a meeting called for organization until some special matters come up that will require a meeting," said Clerk Cunningham this morning.

BUSINESS MEN TALK TO MR. SATER

The Norwegian Flax Company Offer Considered Last Evening.

The project of removing the Norwegian Company's plant from Dubuque, Ia., to Janesville, was talked over at a special meeting of the Business Men's Association held at the association rooms last evening. President W. T. Vankirk called the meeting to order and H. H. Sater, owner of the Norwegian patents outlined his plan, stating that if the citizens of Janesville would subscribe for \$20,000 of the stock he and his friends would take \$30,000.

W. T. Vankirk, S. C. Cobb and Mayor Thoroughgood were appointed a committee to confer with Mr. Sater, place his proposition in proper form and investigate as thoroughly as possible his inventions and patents and report at an adjourned meeting of the association to be held Monday evening April 22.

HEY STOOD AT CUPID'S SHRINE

Hine-Zimmerman.

A very pretty but simple wedding took place this afternoon at Milton, the contracting parties being Miss Tillia Zimmerman and A. H. Huie, both of this city. Rev. Richard Miller, of the Congregational church, of Milton, performed the ceremony, and Miss Kittie Wood and E. W. Powers stood up with them. Miss Zimmerman formerly worked in the Lewis Knitting Works, and is a young lady who is well and favorably known. Mr. Huie is a well known young business man, and is one of the proprietors of the Vienna Cafe on West Milwaukee street. Both have a host of friends who will wish them much joy.

Cowlin-Wilkins.

A very pleasant wedding occurred

this noon at the residence of the officiating minister, Rev. H. A. Palmer,

John A. Cowlin, of Woodstock, Ill.

Dr. Price's Cream Baking Powder

Awarded Gold Medal Midwinter Fair, San Francisco.

and Miss Beatrice E. Wilkins, of Chicago, being united in the bonds that bind 'til death doth part. They were attended by the newly married couple, Mr. and Mrs. W. G. Waite, of Woodstock, whose reception at Afton they will attend this evening.

HAZELTINE MURDER RECALLED

Burial of the Remains of the Father of W. W. Hazelton.

The Hazelton murder case, which Janesville people will well remember, is recalled by the death of Willis W. Hazelton, the father of the murdered man. Mr. Hazelton died at Sheldon,

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN THE CONTEST.

Five Shares of Stock In the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.

It will buy a boy a building lot.

It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a copy will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (running on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 6 p.m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

This new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to an envelope from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for skipping his paper and having it sent to another town or to another.

In every instance they must be bona fide new subscribers.

No person will be allowed to vote his paper Monday and start rail travel late in the evening.

No votes can be transferred from one edition to another after being registered in this office.

Conditions and rules that the voters of age, April 1, 1895, will meet in Janesville.

\*\*\*\*\*

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots. [ ]

— IN VOTE FOR —

Of Janesville, Wis.

**Very Queer Indeed.** Daily, nay, hourly experienced, are the sensations of the dyspeptic, nervous invalid. Ask him and he will tell you that it is well nigh impossible to describe them. Palpitations of the heart suggest—strangely—that this organ is actually buzzing in the ears, a queer irritation in the mouth and tingling along the edges of the tongue, restlessness, broken slumber at night, an inclination to sleep during the day, which disappears when the recumbent posture is assumed, infrequentness of the stomach between and after meals with frequent attacks have performed its office. These sensations are removed by the use of Dr. Quinn's Stimulus Salts, which also cure all diseases of the heart, kidneys, bilious, colic, rheumatism, neuralgia and articular trouble.

A False Diagnosis.

This is suffered by many persons with a severe attack of asthma, which is soon removed by the use of Dr. Quinn's Stimulus Salts, which also cure all diseases of the heart, kidneys, bilious, colic, rheumatism, neuralgia and articular trouble.

suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

## THE TALMAGE SERMON

[Continued from Page 3.]

tose state is brief death, giving the soul an excursion into the next world, from which it comes back—a furrow of a few hours granted from the conflict of life to which it must return.

I called at my friend's house one summer day. I found the yard all piled up with rubbish of carpenter's and mason's work. The door was off. The plumbers had torn up the floor. The roof was being lifted in cupola. All the pictures were gone and the paper-hangers were doing their work. All the modern improvements were being introduced into that dwelling. There was not a room in the house fit to live in at that time, although a month before when I visited that house everything was so beautiful I could not have suggested an improvement. My friend had gone with his family to the Holy Land, expecting to come back at the end of six months, when the building was to be done. And oh! what was his joy when at the end of six months he returned and the old house was enlarged and improved and glorified. That is your body. It looks well now. All the rooms filled with health, and we could hardly make a suggestion. But after awhile your soul will go to the Holy Land, and while you are gone the old house of your tabernacle will be entirely reconstructed from cellar to attic; every nerve, muscle and bone and tissue and artery must be hauled over, and the old structure will be burnished and adorned and raised and cupolaed and enlarged, and all the improvements of heaven introduced, and you will move into it on resurrection day. "For we know that, if our earthly house of this tabernacle were dissolved, we have a building of God, a house not made with hands, eternal in the heavens." Oh, what a day when body and soul meet again! They are very fond of each other. Did your body ever have a pain and your soul not re-echo it? Or, changing the question, did your soul ever have any trouble and your body not sympathize with it, growing wan and weak under the depressing influence? Or, did your soul ever have a gladness but your body celebrated it with kindled eye and cheek and elastic step. Surely, God never intended two such good friends to be very long separated. And so when the world's last Easter morning shall come, the soul will descend, crying, "Where is my body?" and the body will ascend, saying, "Where is my soul?" and the Lord of the resurrection will bring them together and it will be a perfect soul in a perfect body, introduced by a perfect Christ into a perfect heaven. Victory!

Only the bad disapprove of the resurrection. A cruel heathen warrior heard Mr. Moffat, the missionary, preach about the resurrection, and he said to the missionary, "Will my father rise in the last day?" "Yes," said the missionary. "Will all the dead in battle rise?" said the cruel chieftain. "Yes," said the missionary. "Then," said the warrior, "let me hear no more about the resurrection day. There can be no resurrection, there shall be no resurrection. I have slain thousands in battle. Will they rise?" Ah! there will be more to rise on that day than those who want to see whose crimes have never been repented of. But for all others who allowed Christ to be their pardon, and life, and resurrection, it will be a day of victory. The thunders of the last day will be the salvo that greets you into harbor. The lightnings will be only the torches of triumphal procession marching down to escort you home. The burning worlds flashing through immensity will be the rockets celebrating your coronation on thrones, where you will reign forever, and forever, and forever. Where is death? What have we to do with death? As your reunited body and soul swing off from this planet on that last day, you will see deep gashes all up and down the hills, deep gashes all through the valleys, and they will be the emptied graves, they will be the abandoned sepulchres, with rough ground tossed on either side of them, and slabs will lie uneven on the rent hillocks, and there will be fallen monuments and cenotaphs, and then for the first time you will appreciate the full exhilaration of the text, "He will swallow up death in victory."

Hail the Lord of earth and heaven! Praise to thee by both be given; These we greet triumphant now; Hail the resurrection Thou!

Edison's Latest.

Thomas A. Edison is engaged in a new invention which, if a success, bids fair to make all his other wonders fade into comparative insignificance. The proposition alone is enough to take an ordinary man's breath away, let alone the practical demonstration. It is to render communication between the opposite ends of the earth possible without telegraph, telephone, or any of the many appliances known to the modern science, or even a wire. Here is the simple proposition. Your friend in Europe carries a small machine of this new invention, in size and shape resembling an ordinary watch. You carry a similar one in America. When you wish to communicate with your friend in Europe you take out the watch, the needle of which is in electric sympathy with his machine. The needle oscillates like that of a compass, and when you find the direction in which it points you turn in that direction and think hard. That is all. The claim is that the mechanism of the new invention is so delicate that it will respond to this current.

The All-Seeing Eye.

Dr. J. C. Quinn, Mason City, Ia.; "God is light." (I. John, i. 5). In saying this the Holy Ghost would have us regard God as the unerring and omniscient recorder of all our deeds, words and thoughts. In other words, everything we think, say and do daily, hourly, momentarily, God is photographing for use on the day of judgment. "For God shall bring every work with judgment, with every secret thing, whether it be good or whether it be evil." Alas! how seldom we think of the fact that we are always and everywhere under the immediate scrutiny of the all-seeing eye. "Thou God seest me." Let this be our motto the balance of our earthly life, and we will live better lives by divine grace.

**Highly Flammable.**

Radburn—Did they discover the origin of the fire in that newspaper office?

Chesney—Yes. The editor threw a poem from a poetess of passion in the waste basket.—N. Y. World.

Fads That Go Well Together.

"John, dear, we must take up some kind of reform this year. Now, if I take up dress reform, what will you take?"

"Chloroform."—Life.

## MOTHERS

and those soon to become mothers, should know that Doctor Pierce's Favorite Prescription relieves children of its tortures, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundant nourishment for the child.

Mr. DORA A. GUTHRIE, of Oakley, Overton Co., Tenn., writes: "When I began taking your 'Favorite Prescription' I was not able to stand upright my feet were so swollen almost dead. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stout now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered as little as I did this time. I am now in full strength and she is the healthiest we've got. Have induced several to try 'Favorite Prescription' and it has proved good for them."

**A New Major General.**  
Thomas Howard Ruger was a major general of volunteers in 1864, but it has cost him 30 years of faithful service to become a major general in the regular army. He received his promotion as a

MAJOR GENERAL THOMAS H. RUGER.  
result of Major General John M. Schaffer's recent elevation to the little used rank of lieutenant general. General Ruger was born in Lima, N. Y., April 2, 1833, and educated at West Point. He is now in command of the department of the Missouri, with headquarters at St. Louis.

**An Interesting Library.**  
Lenox library, in New York city, which is soon to be consolidated with the Astor and Tilden libraries, has an interesting history. It was founded by James Lenox, a wealthy and eccentric bibliomaniac, who devoted 40 years of

LENOX LIBRARY.  
his life to accumulating rare literary treasures and then donated them to the city, together with a \$1,000,000 building and an endowment of \$250,000. The library is more noted for the quality than for the quantity of its books. It has 113,739 bound volumes and pamphlets.

**Familiar With Official Life.**  
Mrs. John W. Foster, the new president general of the Daughters of the American Revolution, is the wife of ex-Secretary of State John W. Foster. Mrs. Foster has long occupied a high

MRS. JOHN W. FOSTER.  
place in Washington society, and her extensive experience in Russian, Spanish, Mexican and Washington diplomatic circles has made her one of the best informed women in America concerning the etiquette of official life. Her maiden name was McPherson, and she was married in Indiana at the age of 18.

**The New Russian Premier.**  
Prince Lobanoff-Rostovski, who succeeds the late Baron de Giers as Russian minister of foreign affairs, is a little past 60 and has long been prominent in European diplomatic circles. For the last 11 years he has represented the Russian government at Vienna. Before that for a short time he was stationed in London, before that to the ministry of the interior at St. Petersburg and yet previous to that was Russian minister at Constantinople. Prince Lobanoff-Rostovski is of very ancient family—he boasts openly that it is as old and as honorable as that of the Romanoffs themselves.

# Something For Nothing

That is what the tailor said who made a suit for a dude. We don't give anything away but we do proclaim to the wide world that we own a line of

# RELIABLE SHOES

at about one-half the Regular Cost, as we said before we are going to divy. We've got no supereruated old skin games to work off.

## NO COST GAG !

to afflict you with. No paper shoes to sell. Ours is a straight business proposition simply this, we Buy Cheap and Sell Cheap. We have the largest stock in the county.

We are selling reliable shces at Lower Prices than ever before in the city. Every month our increasing trade proves the popularity of our prices.

BROWN BROS. & LINCOLN.

POSTAL EXAMINATION ON JUNE 1.  
Civil Service Commission Will Sit at The Lincoln School.

The Civil Service Commission at Washington, D. C., has ordered that an examination be held in this city Saturday, June 1, 1895, commencing at 1:30 o'clock p. m., for the grades of clerk and carrier in the city postoffice. Only citizens of the United States can be examined.

The age limitations are as follows: For clerk: not under 18 years; for carrier, not under 21 nor over 40.

No applications will be accepted for this examination unless filed with the undersigned, on the proper blank, before 6 p. m., May 13, 1895.

The civil service commissioner takes this opportunity of stating that the examinations are open to all reputable citizens who may desire to enter the postal service, without regard to their political affiliations. All such citizens, whether democrats or republicans, or neither, are invited to apply. They shall be examined, graded, and certified with entire impartiality, and wholly without regard to their political views. For application blanks and full instructions apply at the postoffice, to the secretary of the board.

Examination will be held in the Lincoln school building in this city. M. L. PETERSON, Secy.

**Thousands of Women**  
Suffer untold miseries from a sense of delicacy they cannot overcome.

**BRADFIELD'S** By Arousing to Healthy Action  
Female Regulator, all her Organs, ACTS AS A SPECIFIC.

It causes health to bloom, and joy to reign throughout the frame.

IT NEVER FAILS TO CURE.

My wife has been under treatment of leading physicians three years, without benefit. After using three bottles of BRADFIELD'S FEMALE REGULATOR she can do her own cooking, washing and washing.

**35 different styles of Black Suitings** from \$10 to \$15 per suit cheaper than ever sold before in Janesville. No sample book. No tailor in the country has anything better don't care what kind of fancy prices he puts on them. **Bolles' 20 year record as a tailor** has no equal in these parts

"Tailoring" is not a secondary consideration with us, it is our only study to excel. 108 suits already sold in Janesville, and entire satisfaction given in every case, for not a few I have made a second suit.

Do not harbor the idea that because we sell cheap, we are cheap tailors; some would like to have you think so, but we are only giving you what is due you are justly entitled to according to the tariff.

**BOLLES**, 59 E. Milwaukee St. opposite Myers hotel.
